CS 440 Meeting Minutes

Group 24 Date: November 19, 2022

Time: 19:00 Duration: 30mins

Present, on time: Milind Kurma, Luke Kim, Punit Malpani, Sharmisha Parvathaneni

Present, not on time: None

Absent: None

Synopsis:

We made some refinements to the UI and ensured that the software is working smoothly. Ensured that the overall project meets the problem statement. Discussed ideas on how to draft a development project report.

Recent Accomplishments:

Luke revised the code for user signup page and made sure that the details are properly validated. He ensured that the user data is secure.

Milind and Punit tested the ML model and ensured the accuracy.

Sharmisha ensured that the image is resized and restricted to max upload size.

Current Individual Activities:

Luke ensures that the ML models and the pretrained models are functioning right

Milind & Sharmisha ensures that the UI is functioning right.

Punit ensures that the backend is bug free and the data is optimized.

Individual Action items:

Luke: Ensures the proper functioning of ML models and pretrained models.

Milind: Checks the UI step by step to make sure it has no errors.

Sharmisha: Checks if the UI is usable and has no errors.

Punit: Optimizes the data set and ensures that the code has no errors.

Team will work on the final system and object designs of the development project and complete full development project report.
